PROMOTER

HUB24 is the promoter of the Fund and provides a range of fund services. These include administration of investments, investment management, client services and custody services. As promoter, HUB24 has in place an agreement with ClearView Financial Management Limited (ABN 99 067 544 549) ("CFML") to promote the product. CFML receives remuneration from HUB24 which is paid from HUB24’s own resources.

The distributors of WealthSolutions2 Super are Australian Financial Services License (AFSL) holders who are approved by the Administrator to distribute the product (each a “Licensee”). CFML may be a related entity of the Licensee and may also be a related entity of your adviser. CFML is not the issuer of the PDS. WealthSolutions2 Super is only available to clients of approved Licensees and their authorised advisers (each an adviser) unless otherwise approved by the Administrator.

HUB24 may sub-contract the performance of some or all of its functions to other professional service providers. The Trustee may also use other service providers in the management and operation of the Fund. Given the range and nature of the investment and insurance options available, you must have a relationship with an authorised adviser (adviser) and the licensee in order to join the Fund, unless otherwise approved by the Trustee.

You can find out more information about the Fund by contacting your appointed adviser or the Administrator.

The Trustee is required to disclose certain information and documentation in relation to themselves and the Fund on a website. This information and documentation is available on the following website: hub24.com.au/product-documents and includes, but is not limited to the Trust Deed, the PDS, the most recent Annual Report and the names of each material outsourced provider to the Fund.

ELIGIBILITY

This PDS does not constitute an offer or invitation in any place where, or to any person to whom it would not be lawful to make such an offer or invitation. This offer is only open to persons receiving this PDS as a hard copy or electronically within Australia.
IMPORTANT INFORMATION

The PDS comprises two parts and is a summary of important information relating to the Fund to assist you in deciding whether this product is suitable for your needs. It will also help you compare this product with others you may be considering.

This document is Part I of the PDS. The other document that makes up the PDS is Part II of the PDS for ClearView WealthSolutions2 Super and Retirement. Part II of the PDS contains information about the fees and costs of the product.

The PDS also includes references to important information contained in the following documents, which form part of this PDS:

- Additional Information Booklet (Information Booklet)
- Investment Booklet for the Choice Menu
- List of individual insurance policies available, and
- Application Form.

These documents are available free of charge by contacting your adviser or the Administrator or through the product website. You should carefully read and consider the PDS (including incorporated information) before making a decision to apply for this product.

The information contained in the PDS is general information only and does not take into account your personal objectives, financial situation, needs or circumstances. Before acting on this information, you should consider its appropriateness, having regard to your personal objectives, financial situation, needs and circumstances. Before you make any decision about whether to acquire or continue to hold the product or an investment available in the product, you should consider the PDS and it is recommended you obtain professional financial advice tailored to your personal circumstances, from your financial adviser.

UPDATED INFORMATION

Information in the PDS (including incorporated information) is subject to change from time to time and may (in the case of information that is not materially adverse) be updated via the website. To find out about updated information go to the product website shown on the front cover. Alternatively, you can request a paper copy of the updated information free of charge by contacting the Administrator.

NO GUARANTEE

Neither the Trustee, any of its related entities nor their respective employees, nor any other entity associated with the management or promotion of the Fund or its products (including the Administrator), guarantee the capital invested by you, the performance of the specific investments, insurance options available, or your benefits generally.
1. ABOUT WEALTHSOLUTIONS2 SUPER

This product is a super investment service that can help you build your superannuation (super) savings in a tax-effective way. WealthSolutions2 Super offers different investment options (referred to as the Choice Menu) for you to invest in, to build your preferred investment and insurance strategy. For more information about the range of investment options available to you refer to Section 3 ‘Benefits of investing with WealthSolutions2 Super’.

You can:

- accumulate and grow your super through a personal super account and/or
- draw a regular income stream through an account-based pension or transition to retirement pension.

Your adviser will provide you with the information and relevant disclosure documents you require in order for you to invest through the Fund.

All of your investments can be in one place to help you easily administer and track your retirement savings.
2. HOW SUPER WORKS

Super can be a very effective way of saving for retirement (in part, compulsory) due to the tax concessions and other incentives provided by the Government.

CONTRIBUTING TO SUPER

There are several types of contributions that can be made to super such as:

- Employer,
- Personal,
- Spouse, and
- Government co-contributions.

In most cases your employer is required to contribute to a super account for you. These contributions are known as Superannuation Guarantee (SG) contributions. You can generally choose the super fund to which SG contributions are made. Your employer may be able to make additional employer contributions such as salary sacrifice contributions.

Depending on your annual income and the type of contributions you make to your account, you may be eligible to receive a Government co-contribution. You can also choose to transfer your super from another fund into your account in the Fund.

Limits apply to most contributions (referred to as contribution 'caps'). There are eligibility rules for super contributions and there may be taxation penalties for contributions that exceed the contribution caps set by the Government.

Note: contribution caps and the taxation treatment of superannuation can change. Up to date information on tax in super is available at www.ato.gov.au/super.

ACCESSING YOUR SUPER

There are restrictions on when you can withdraw your super. Super is a long-term investment designed to provide income in retirement. In most cases, you can access your super as a lump sum or pension when you:

- retire, on or after reaching your preservation age (between 55 and 60, depending on your date of birth); or
- attain age 65.

You can begin a transition to retirement pension when you reach your preservation age.

You may also be able to access your super in other circumstances as permitted by law called ‘conditions of release’, for example: compassionate grounds, severe financial hardship and permanent incapacity.

In certain circumstances the Trustee must transfer super benefits to the Australian Taxation Office (ATO) (e.g. some lost accounts, unclaimed benefits on or after age 65 and unclaimed benefits of former temporary residents).
3. BENEFITS OF INVESTING WITH WEALTHSOLUTIONS2 SUPER

You and your adviser can tailor an investment and insurance solution to suit your circumstances and retirement goals while taking advantage of the product’s flexibility as your needs change.

The role of your adviser is explained in the Information Booklet.

FLEXIBLE ACCOUNT FEATURES

Choose a personal super, account-based pension or transition to retirement pension account to suit your individual circumstances and life stage. In addition:

- consolidate your super by rolling money from other super accounts to your personal super account,
- split contributions to your personal super account with your spouse,
- make beneficiary nominations using a lapsing binding, non-lapsing binding, non-binding or an automatic reversionary beneficiary (available for Pension accounts only) providing greater estate planning certainty,
- make regular contributions from your bank account to your personal super account through a regular savings plan.

INSURE YOUR LIFE

A comprehensive range of insurance options is available through the Fund to help protect you and your family’s financial wellbeing.

Select your insurance cover under the Fund’s group insurance policy or one of the individual policies as made available by the Trustee.

For more information, see Section 7 ‘Insurance in your super’ in this PDS.

COMPETITIVE FEES

You will benefit from a transparent fee structure. Depending on the investment options you choose, you may also benefit from investment management fees that are generally lower than if you invested directly with the investment manager.

ACCESS TO YOUR ACCOUNT ANYTIME

You can track and manage your account online through a dedicated online facility known as InvestorHUB.

InvestorHUB allows you to track and manage your account online anytime, view all transactions, valuations and a variety of other reports. You can also view details of your account through our mobile app.

4. RISKS OF SUPER

All investments carry risk, meaning there is a possibility you can lose money or that your investment may not meet your objectives. Different investment strategies may carry different levels of risk, depending on the investments that make up the investment strategy. Investments with the highest long-term returns may also carry the highest level of short-term risk.

Some of the potential risks of investing in the Fund that you should consider and be aware of include:

- the value of your investment portfolio may vary over time;
- the level of returns will vary and future returns may vary from past returns;
- returns are not guaranteed and you may lose some or all of your money;
- you may not be able to withdraw your money at the time you want to, as the law restricts when you can withdraw your funds;
- your investment may be affected by changes in the economic and political environment and/or changes to legislation, particularly in relation to taxation and superannuation laws;
- if you leave the product, you may receive less than the amount you invested because of low or negative investment returns, fees, charges and the impact of taxes; and
- the amount of your future super savings (including contributions and returns) may not be enough to provide adequately for your retirement.

Other risks associated with investing through the Fund will depend on the particular investments you choose and may include the following types of risk (depending on the underlying assets):

**FUND RISK**

- advice risk
- cyber risk
- legal and regulatory risk
- external fraud (including identity theft)
- investment variance risk
- operational risk
- third party risk
- portfolio risk

**INVESTMENT RISK**

- concentration risk
- country risk
- credit risk
- derivatives and sophisticated investment risk
- diversification risk
- interest rate risk
- investment option risk
- liquidity risk
- manager risk
- market risk
- sector risk
- specific asset risk

All super products are generally subject to some or all of the risks highlighted above. It’s not possible to identify every risk factor relevant to the product and these examples are not exhaustive.

The appropriate level of risk for you will vary depending on various factors including your age, investment timeframe, what other investments you hold, and your level of risk tolerance. You should consult with your adviser to ensure you understand the risks associated with the product, and how to manage these risks.

You should consider the additional information about risks in the Information Booklet, Investment Booklet and the disclosure document for any managed portfolio or other financial product that you may be considering for any risks related to each specific investment or portfolio.

For more information on the ‘Risks of super’, refer to ‘Risks of super’ in the Information Booklet.
5. HOW WE INVEST YOUR MONEY

A wide range of investment options gives you and your adviser flexibility when tailoring an investment strategy to help address your personal needs and long-term goals.

YOUR CASH ACCOUNT

When you join the Fund, we establish an account in your name and a cash account is opened for you. Your cash account represents the cash holding in your account and does not include any cash held via an underlying investment option, and is used to settle all transactions relating to the investments held within your account and pay any costs associated with these investments. You must hold a minimum cash balance of 1.25% of your total account balance in your cash account. The Trustee can change this minimum cash balance requirement at any time. You and your adviser are responsible for maintaining the minimum cash balance at all times.

You and your adviser can keep track of your cash balance through InvestorHUB. If the balance of your cash account is below the minimum level, we may sell investments in your account at any time to restore the cash position to the minimum requirement, without seeking additional instructions from you. A negative cash account balance may incur interest. Please refer to the Information Booklet for more information about the consequences of maintaining a negative cash account balance.

When you first open an account, you direct us to invest your money in your cash account until we receive investment instructions from your adviser. For more information, see Section 4 ‘How we invest your money’ in the Information Booklet.

INVESTMENT STRATEGIES YOU CAN CHOOSE FROM

Once you have set up your account, you can invest your money in accordance with one or more strategies that you have agreed with your adviser (subject to the minimum cash balance).

TYPES OF INVESTMENTS

The Choice Menu includes the following types of investments:

- Managed funds
- Managed portfolios
- Australian and international listed securities
- Term deposits, and
- Cash

The list of available investments for the Choice Menu is set out in the Investment Booklet for the Choice Menu. The Investment Booklet for the Choice Menu is reviewed regularly by the Trustee and may change from time to time. You can access the latest Investment Booklet for the Choice Menu from your adviser, the Administrator or from the product website.

Important: When choosing your investments, you should consider the level of risk involved with each investment, the likely investment return and your timeframe for investment. Your adviser can help you establish an investment strategy that addresses your needs and retirement goals.

MANAGED FUNDS

You can choose from a range of managed funds offered by Australian and international fund managers.

If we receive your transaction instructions before 3pm Sydney time on any business day, we will generally act on them that day. If it’s after 3pm Sydney time we will generally act on them the next business day. However, the time taken to conclude investment instructions can vary depending on a number of factors applicable to specific managed funds.

MANAGED PORTFOLIOS

Managed portfolios are available through the Fund via one or more non-unitised and registered managed investment schemes (Scheme), which are operated and offered by a responsible entity (RE) that is approved by the Trustee.

Each RE of a Scheme may appoint HUB24 as one or more of custodian, administrator and investment manager for the relevant Scheme.

Refer to the product disclosure statements for these Schemes for further details which can be obtained from your adviser or through InvestorHUB.

The relevant portfolio manager will develop the portfolio composition and instruct the Administrator to reweight or rebalance your chosen managed portfolio option. The portfolio manager may also provide advice to your adviser’s licensee so that your adviser can provide you with advice in respect of the portfolio.

Managed portfolios can consist of a range of financial products including Australian and international listed securities, managed funds, ETFs, ETPs other managed portfolios and cash.

A managed portfolio can offer advantages over investing in a managed fund, including potentially greater tax efficiency and transparency of your share holdings. If the portfolio manager makes changes to the managed portfolio in which you invest, your portfolio will also be updated to reflect these changes so your portfolio mirrors, as closely as possible, the composition of the portfolio manager’s standard managed portfolio. This is subject to any investment exclusions arrangements you have in place.

Progressive portfolio implementation (PPI) is a way for a portfolio manager to implement a change in managed portfolio weightings by introducing one or more substitute investment(s). The portfolio manager may instruct us to temporarily apply

LISTED SECURITIES

You can choose from a wide range of Australian and international listed securities. These listed securities can include ordinary shares, ETFs, ETPs, LICs and interest rate securities including hybrids.

When buying and selling listed securities, your adviser can provide instructions to buy or sell these using either:

- **direct market trading** – orders are placed directly with the ASX and your adviser can specify pricing parameters for the order;
- **aggregated trading** – orders are combined with others received on that day and net trades are generally executed at a weighted average price, which smooths out any price volatility from the time the trade is placed on market; or
- **your broker** – orders are placed with your broker (this only applies where the Administrator has an arrangement in place with the relevant broker). Trades placed with your broker are not placed through AdviserHUB, but directly through your broker, and orders are executed in accordance with your broker’s market and trading requirements, and are subject to the broker’s terms of business.

The Administrator is not a market participant or clearing participant of the ASX or any market. It has arrangements in place with brokers to provide broking services in relation to your instructions to buy or sell securities. When you choose to trade through the Fund’s broking service (direct market trading or aggregated trading), you authorise the Administrator to instruct the Fund’s broker to execute the relevant transaction under the trading agreement between the Administrator and the broker.

**Note:** it may take some time to execute trades (particularly where you specify a buy or sell price).

1 International listed securities are currently only traded via the aggregated trading service.

**TERM DEPOSITS**

You can access investments in term deposits (offered by a range of banks or financial institutions) where the interest rate is fixed. Typically, the Fund will make available term deposits with durations of three months, six months and one year, but differing durations and features may be available.

During the deposit term, you cannot withdraw your funds (without charges and/or loss of interest) or add funds to the investment. Interest is generally calculated daily and paid at maturity.

Generally, transaction instructions for term deposits will be acted upon within the week in which they are received.

The interest rate you earn will depend on the provider and the length of the investment term. The interest rate applicable to a term deposit is the prevailing rate on the day the term deposit is opened.

**INVESTMENT HOLDING LIMITS**

There are limits on how much you can invest in certain investment options. If you exceed these limits, you may have to sell certain investments. Refer to ‘Investment holding limits’ within the Investment Booklet for the Choice Menu for more information.

**BUYING, SELLING AND SWITCHING INVESTMENTS**

Subject to liquidity you can change your investment strategy and underlying investments at any time by instructing your adviser. There’s generally no minimum amount for investments, but certain managed funds and managed portfolios may have minimum requirements. Please refer to the disclosure document for the specific investment or ask your adviser for more information. When placing investment instructions, you must ensure your cash account maintains enough cash (including the minimum balance) to enable the transaction to settle.

If there is insufficient cash within your cash account to allow transactions to settle, your cash account may be placed into negative and subject to interest on the negative cash amount.
CHANGES TO INVESTMENT STRATEGIES AND THE INVESTMENT BOOKLET

The Trustee may change the available investment strategies and/or options for the Fund in the Choice Menu at its discretion. This may include removing, adding or varying the characteristics of a strategy or option (including its objective).

The composition of available investments can change from time to time. In addition, certain investments may be removed altogether from the relevant Investment Booklet for the Choice Menu without prior notice. In this case the Trustee may, at its discretion, allow you to continue to hold the investment, or it may require you to sell the investment.

DELAYS IN PROCESSING INSTRUCTIONS

Sometimes it may not be possible to act on your instructions in a timely fashion (e.g. we may not have enough information, certain requirements may not have been met, or a fund manager may have suspended applications or withdrawals). In these cases, we will contact your adviser.

The Trustee reserves the right to refuse or delay your instructions for any reason. In such cases, the Trustee accepts no liability for any losses incurred.

LABOUR STANDARDS, OR ENVIRONMENTAL, SOCIAL, OR ETHICAL CONSIDERATIONS

The Trustee or its delegates do not take into account labour standards or environmental, social or ethical considerations when selecting, retaining or realising investments. Some managed funds and managed portfolios available may take these factors into account (for more information, refer to the applicable disclosure document for the managed fund or managed portfolio).

For more information on ‘How we invest your money’ refer to ‘How we invest your money’ in the Information Booklet and the Investment Booklet for the Choice Menu.

MANAGED DISCRETIONARY ACCOUNTS (MDAs)

Your adviser may provide you with advice about investing via an MDA service. The MDA service may be provided to you or used on your behalf by your adviser or another person. MDA investments may be made via the Fund.

These MDA services are separate from the Fund and the Administrator may not be aware that MDA investments are made via the Fund.

Where the Administrator is aware that MDA investments are made via the Fund, the Administrator may enter into an agreement with the MDA service provider to provide it with the MDA Facility which will have the effect of holding your MDA investments and reporting on them in one place.

The MDA Facility is a technology-based administration and implementation service provided by the Administrator that allows the MDA service provider to implement, manage and monitor your MDA investments through the Fund.

Your adviser and the MDA service provider may, for example, implement an investment strategy it devises, and create a portfolio of investments matching that strategy. The MDA Facility allows the MDA service provider to implement those investments, rebalance them and report on their individual performance.

An MDA service provider will determine, make, and manage your investments. Neither the Trustee or the Administrator is responsible for what investments the MDA service provider makes on your behalf or how they are managed.

The Administrator reserves the right at any time, in accordance with the terms of the Fund and any of its policies, not to follow or implement the instructions provided through the MDA Facility.

Please refer to Part II of the PDS – Adviser fees relating to you for more information on the fees relating to the provision of services under the MDA Facility.

6. HOW SUPER IS TAXED

Tax may apply to contributions, investment earnings and withdrawals. Generally, any taxes you pay within super are at a concessional (lower) rate. In most cases, the Trustee deducts tax and pays it to the ATO on your behalf. Up to date information on contribution caps and how super is taxed is available at www.ato.gov.au/super.

Contributions are classified as concessional or non-concessional contributions, generally depending on whether the contribution is included in the assessable income of the Fund.

- Concessional contributions (e.g. SG contributions and Salary Sacrifice contributions) are generally taxed at a maximum rate of 15% (the actual rate may be less due to tax credits or other rebates available to the Fund).
- Additional tax may apply to concessional contributions made if you are classified as a high income earner. This additional tax is payable directly by you unless you transfer the liability to the Fund.
- Non-concessional contributions, those made from your after-tax income (e.g. personal contributions) are generally not taxed.
Taxes may apply to transfers of superannuation into the product from an untaxed source (e.g. certain public sector schemes).

**INVESTMENT EARNINGS**

Net investment earnings are generally taxed at a maximum rate of 15% (the actual rate may be less due to tax credits or other rebates available to the Fund). Investment earnings are generally tax-free for investments in account-based pensions but not for transition to retirement pensions.

**WITHDRAWALS**

When you withdraw your super, part or all of it may be taxed, depending on your age.

If you are aged 60 or older, withdrawals are currently tax-free. If you are below 60 years old, tax applies to any taxable component of the benefit. The tax rate depends on whether or not you have reached your preservation age and the type of benefit paid.

**TAX ON DEATH BENEFITS**

The tax treatment of death benefits depends, among other things, on who receives your benefit. If we pay a lump sum to a certain dependent beneficiary (e.g. your spouse, or child under 18 years of age), the payment is tax-free. For benefits paid to non-dependents (e.g. adult children who are not financially dependent on you) tax may apply to any taxable component.

**Warning:** The Federal Government sets limits (or caps) on the amount of contributions you can make each financial year, and you may have to pay more tax if you exceed these limits. You are personally liable for any tax due to excess contributions. You should seek professional taxation advice tailored to your personal circumstances. The information shown in this document is a general overview only, current as at the date of preparation of this PDS and is subject to change. Up to date information on contribution caps is available at www.ato.gov.au/super. Non-materially adverse changes to taxation may be updated from time to time in the Information Booklet available by contacting your adviser, the Administrator or via the product website.

**YOUR TAX FILE NUMBER**

**Warning:** Under superannuation legislation, the Trustee is authorised to collect your Tax File number (TFN) which will only be used for lawful purposes. These purposes may change in the future as a result of legislative change.

**Warning:** While you are not obliged by law to provide your TFN, we require you to provide it before we accept your application to join the Fund.

This helps ensure that:

- higher tax will not apply to your concessional contributions;
- the Fund can accept your personal contributions;
- higher tax does not apply to super benefits paid to you; and
- it’s easier to locate any lost super benefits or consolidate your super.

The Trustee may disclose your TFN to another super provider when your benefits are being transferred, unless you request in writing that this does not occur.

Further information about tax is available from www.ato.gov.au

**7. INSURANCE IN YOUR SUPER**

If you have a personal super account, you can apply for insurance cover through the Fund under a group or individual insurance arrangement to provide financial support if you die or become disabled. Insurance cover is provided under an insurance policy issued to the Trustee by an insurance company (Insurer).

If you are eligible, the types of insurance cover available to you as a member of the Fund are:

- **Death cover** – provides a lump sum payment if you die or are diagnosed with a terminal illness;
- **Total and Permanent Disablement (TPD) cover** – provides a lump sum payment if the Insurer and Trustee are reasonably satisfied that due to your ill-health (whether physical or mental), you are unlikely to engage in gainful employment for which you are reasonably qualified by education, training or experience; and
- **Income Protection (IP) cover** – provides regular monthly payments if you become temporarily totally or partially disabled.

**APPLYING FOR COVER**

To apply for insurance cover you must submit an application form and any health or other evidence required, which the Insurer will assess. Insurance cover only starts once the Insurer and Trustee have accepted your application.

**WHEN COVER ENDS**

Insurance cover ends in certain circumstances including when:

- you reach the maximum insurable age;
- there is not enough money in your personal super account’s cash account to pay the cost of insurance; or
- you close your personal super account or transfer from a personal super account to a pension account.
Also, we are required to cancel your insurance cover if your account has been inactive for a continuous period of 16 months, and you have not made an election to maintain your insurance cover.

Your account is considered ‘inactive’ if no contributions, rollovers or insured benefits have been received over the relevant period. To prevent your insurance being cancelled under these rules, you will need to make an election to maintain your insurance cover.

For more information, see Section 6 ‘Insurance in your super’ in the Information Booklet.

THE COSTS OF COVER

There are different costs (which you are responsible for) associated with different types of cover based on your personal circumstances including your age, occupation, health status and amount and type of cover.

Insurance costs, calculated in accordance with the insurance premium table applied by the Insurer, and taking into account any loadings which may apply specifically to you (for example your age, occupation, or whether you are a smoker or non-smoker), are deducted from your cash account and may be adjusted for any changes to your cover.

Insurance costs are either deducted from your cash account monthly in arrears, quarterly in arrears or annually in advance, depending on the arrangements agreed to with the applicable Insurer.

EXCLUSIONS

The Insurer may not pay a benefit in certain circumstances (including for pre-existing conditions, suicide and intentional self-injury). For more information about exclusions, see Section 6 ‘Insurance in your super’ in the Information Booklet.

CHANGING YOUR COVER AMOUNT

You can change the amount and type of your insurance cover at any time (for example, you can increase your cover) subject to the Insurer’s approval. You may be required to provide evidence of health and other information for the Insurer to consider your application. You can also cancel your insurance at any time by sending us your request in writing.

ADDITIONAL INFORMATION

Warning: The Information Booklet and the product website shown on the front cover contain further information about:

- the level, type and cost of insurance cover available; and
- your eligibility for, and cancellation of, insurance cover (as well as conditions and exclusions) which may affect your entitlement to cover.

Further information about insurance cover under an individual insurance arrangement is contained in the product disclosure statement issued by an Insurer whose insurance arrangement is available from the Fund, as determined by the Trustee from time to time.

You should read this additional information and discuss it with your adviser before deciding whether insurance is appropriate for you.

Exclusions:

- If you change your mind after opening an account, you can ask us to cancel your application. The Administrator must receive your request within 14 days from the earlier of the time you receive written confirmation of the opening of your account or five days after the opening of your account.

- Any amount refunded will be adjusted to take account of any increases or decreases in the value of your investments, any tax payable and any reasonable administration expenses.

- Note: You cannot exercise your cooling-off rights after you make any transaction on, or exercise any other rights in relation to, your account.

For more information about cooling-off, refer to ‘Additional information’ in the Information Booklet.

8. HOW TO OPEN AN ACCOUNT

You can apply to become a member of the Fund by completing the relevant application form.

Your adviser can help you complete the application form and lodge it online via AdviserHub or by printing a copy of the application and sending it to the Administrator.

The minimum initial investment for each account is $20,000.

INCOMPLETE OR INVALID APPLICATIONS

Incomplete or invalid applications cannot be accepted and any money received will be invested in a separate trust account (in accordance with relevant law) until the completed information is received. The Administrator will attempt to contact you via your adviser, normally within seven business days, but in times of high demand this may take longer. If we are unable to open your account within 30 days, we may either return the funds to you or to the rollover institution. You will not earn interest on these amounts. Any interest earned will be retained by the Administrator.

COOLING-OFF PERIOD

If you change your mind after opening an account, you can ask us to cancel your application. The Administrator must receive your request within 14 days from the earlier of the time you receive written confirmation of the opening of your account or five days after the opening of your account.

Any amount refunded will be adjusted to take account of any increases or decreases in the value of your investments, any tax payable and any reasonable administration expenses.

Note: You cannot exercise your cooling-off rights after you make any transaction on, or exercise any other rights in relation to, your account.

For more information about cooling-off, refer to ‘Additional information’ in the Information Booklet.
COMPLAINTS

We take complaints seriously as they give us information about how we can improve our services to you. We have an internal complaints handling policy, which you can access free of charge, that gives more detail about the complaints handling process.

The Trustee has a complaints handling process. If you have a complaint you should contact the Administrator – refer below. For more complex issues, the Trustee will keep you updated regularly as to the progress of the investigation of your complaint, however reasonable efforts will be made to resolve your complaint within the required 90 day timeframe.

In the event of a complaint please contact the Administrator’s Complaints Officer at:

- **Email:** complaints@hub24.com.au
- **Mail:** HUB24 Custodial Services Ltd
  GPO Box 529
  Sydney NSW 2001

If you are not satisfied with the outcome from our internal complaints resolution process, you can contact the Australian Financial Complaints Authority (AFCA). AFCA is the independent external dispute resolution scheme for the financial services industry.

You can contact AFCA by calling 1800 931 678, or in writing to:

- **Mail:** Australian Financial Complaints Authority
  GPO Box 3
  Melbourne VIC 3001
- **Email:** info@afca.org.au
- **Website:** www.afca.org.au

If your complaint relates to services provided to you by your adviser, please refer to the adviser’s financial services guide for information about their complaints handling process. We also suggest you contact your adviser.

9. OTHER IMPORTANT INFORMATION

PRIVACY

Your personal information is important to us. The Trustee and the Administrator are required to collect and verify information about you (and where applicable, people acting on your behalf). This is to ensure we properly administer the financial products you’ve requested, and to comply with our legal obligations.

We collect personal information strictly in accordance with the Privacy Act 1988 (Cth). Your personal information may be shared with third parties, including the responsible entity of any registered managed investment scheme through which managed portfolios are made available and their service providers and overseas entities, if we reasonably consider this necessary to administer your investment. Those parties can only use your information in accordance with our policy. You can request access to your personal information, the Trustee’s, or the Administrator’s full privacy policy using the contact details provided on the front cover of this document.

For more information, see Section 8 ‘Additional Information’ in the Information Booklet.

CONSENTS

HUB24 has consented to any statements made (or that can be attributed to them) appearing, and consented to being named, in this PDS (including incorporated information in the Information Booklet, the relevant Investment Booklet and list of individual insurance policies, as applicable) in the form and context in which the statements/naming occurs and, as at the date of the PDS, has not withdrawn its consent. Other third parties named in the PDS and incorporated information have also consented to being named in the form and context in which their name is included and, as at the date of the PDS, have not withdrawn their consent.

YOUR ADVISER

Your adviser is not an agent or representative of the Trustee or the Administrator. Neither the Trustee, the Administrator, nor any other entity associated with the management or promotion of the Fund or its products bear any responsibility for any financial product advice provided to you by your adviser, your investment or insurance instructions not being acted upon in a timely fashion by your adviser, or any other actions of your adviser.

Neither the Trustee, any of its related entities or their respective employees, or the Administrator, endorse, warrant or accept any responsibility for any of the services provided by your adviser.
Note: You must typically give us all your investment instructions through your adviser.

REFERENCES

All dollar amounts are in Australian dollars unless otherwise indicated.

All references to time are to Sydney time.

TRUST DEED AND RELEVANT LAW

In the event of any conflict between the terms of the PDS (including incorporated information) and the terms of the Trust Deed and relevant law, the provisions of the Trust Deed and relevant law will prevail. The Trustee reserves the right to amend the terms and conditions of the Fund in accordance with the provisions of the Trust Deed and relevant law.

For more information about privacy and the role of your adviser refer to ‘Additional information’ in the Information Booklet.
For information relating to the fees and other costs associated with the product, refer to the WealthSolutions2 Super Product Disclosure Statement – Part II.

Before becoming a member of the Fund and opening an account, you should consider the information contained in Parts I and II of the PDS and the information incorporated by reference into the PDS which includes the Information Booklet, the Investment Booklet for the Choice Menu, and list of individual insurance policies (which form part of this PDS).

PROMOTER
HUB24 is the promoter of the Fund and provides a range of fund services. These include administration of investments, investment management, client services and custody services. As promoter, HUB24 has in place an agreement with ClearView Financial Management Limited (ABN 99 067 544 549) ('CFML') to promote the product. CFML receives remuneration from HUB24 which is paid from HUB24’s own resources.

The distributors of WealthSolutions2 Super are Australian Financial Services License (AFSL) holders who are approved by the Administrator to distribute the product (each a ‘Licensee’). CFML may be a related entity of the Licensee and may also be a related entity of your adviser. CFML is not the issuer of the PDS. WealthSolutions2 Super is only available to clients of approved Licensees and their authorised advisers (each an adviser) unless otherwise approved by the Administrator.

HUB24 may sub-contract the performance of some or all of its functions to other professional service providers. The Trustee may also use other service providers in the management and operation of the Fund. Given the range and nature of the investment and insurance options available, you must have a relationship with an authorised adviser (adviser) and the licensee in order to join the Fund, unless otherwise approved by the Trustee.

You can find out more information about the Fund by contacting your appointed adviser or the Administrator.

The Trustee is required to disclose certain information and documentation in relation to themselves and the Fund on a website. This information and documentation is available on the following website: hub24.com.au/product-documents and includes, but is not limited to the Trust Deed, the PDS, the most recent Annual Report and the names of each material outsourced provider to the Fund.

ELIGIBILITY
This PDS does not constitute an offer or invitation in any place where, or to any person to whom it would not be lawful to make such an offer or invitation. This offer is only open to persons receiving this PDS as a hard copy or electronically within Australia.
IMPORTANT INFORMATION

The PDS comprises two parts and is a summary of important information relating to the Fund to assist you in deciding whether this product is suitable for your needs. It will also help you compare this product with others you may be considering.

This document is Part II of the PDS. The other document that makes up the PDS is WealthSolutions2 Super PDS Part I. Part I of the PDS contains information on key features, benefits and risks of the product.

This document has been prepared for ClearView Financial Management Limited (ABN 99 067 544 549) (CFML). The fees and other costs shown in this document are available only to clients of Licensees who are approved by the Administrator to distribute the product, and their authorised advisers (each an adviser) unless otherwise approved by us.

The PDS also includes references to important information contained in the following documents, which form part of the PDS:
- Additional Information Booklet (Information Booklet)
- Investment Booklet for the Choice Menu
- List of individual insurance policies available, and
- Application Form

These documents are available free of charge by contacting your adviser or the Administrator or through the product website.

You should carefully read and consider the PDS (including incorporated information) before making a decision to apply for this product.

The information contained in the PDS is general information only and does not take into account your personal objectives, financial situation, needs or circumstances. Before acting on this information, you should consider its appropriateness, having regard to your personal objectives, financial situation, needs and circumstances. Before you make any decision about whether to acquire or continue to hold the product or an investment available in the product, you should consider the PDS and it is recommended you obtain professional financial advice tailored to your personal circumstances, from your financial adviser.

UPDATED INFORMATION

Information in the PDS (including incorporated information) is subject to change from time to time and may (in the case of information that is not materially adverse) be updated via the website. To find out about updated information go to the product website shown on the front cover. Alternatively, you can request a paper copy of the updated information free of charge by contacting the Administrator.

NO GUARANTEE

Neither the Trustee, any of its related entities nor their respective employees, nor any other entity associated with the management or promotion of the Fund or its products (including the Administrator), guarantee the capital invested by you, the performance of the specific investments, insurance options available, or your benefits generally.

The Trustee and any other service provider (including the Administrator) associated with this product do not guarantee or underwrite this product.
FEES AND OTHER COSTS

You can use the fees and costs information contained in this document to compare costs between different super products, but bear in mind the nature of the investment options you are comparing.

The fees and costs information contained in this document relates to the Fund and not the underlying investments that you invest in through the Fund. Additional costs may be charged by the issuers of these underlying investments including investments within managed portfolios.

You should refer to the applicable disclosure document for the underlying investments for the fees and costs that apply to underlying investments including investments within managed portfolios.

Unless otherwise stated all the fees and costs shown in this Part II of the PDS are expressed as inclusive of the Goods and Services Tax (GST) and net of any reduced input tax credits (RITCs).

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example reduce it from $100,000 to $80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You or your employer, as applicable, may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website (www.moneysmart.gov.au) has a superannuation calculator to help you check out different fee options.

This document shows fees and other costs that you may be charged. These fees and other costs may be deducted from your money, from the returns on your investment or from the assets of the superannuation entity as a whole.

Other fees, such as activity fees, advice fees for personal advice and insurance fees, may also be charged, but these will depend on the nature of the activity, advice or insurance chosen by you. Entry fees and exit fees cannot be charged.

Taxes, insurance fees and other costs relating to insurance are set out in another part of this document.

You should read all the information about fees and other costs because it is important to understand their impact on your investment.

1 If your account balance is less than $6,000 at the end of the financial year, the total combined amount of administration fees, investment fees and indirect costs charged to you is capped at 3% of the account balance. Any amount charged in excess of that cap must be refunded.

2 Investment fees are not charged by the Trustee. However, fees and costs will apply in relation to each accessible investment made available via the Fund. For more information refer to the relevant product disclosure statement or other disclosure document for the relevant accessible investment.
### Administration fee

The administration fee is calculated daily on your total account balance and deducted from your cash account monthly in arrears.

#### Choice Menu

The tiered percentage fee that applies to you will be based on the total balance of your account as detailed below:

<table>
<thead>
<tr>
<th>Account balance</th>

</tr>
</thead>
<tbody>
<tr>
<td>First $250,000</td>
<td>0.37% p.a.</td>

<td>0.04% p.a.</td>
</tr>
<tr>
<td>More than $1,500,000</td>
<td>Nil</td>
</tr>
</tbody>
</table>

Regardless of your total account balance, a minimum $350 p.a. and maximum of $2,225 p.a. applies to the tiered percentage fee.

**PLUS**

An account keeping fee of $240 p.a.

**PLUS**

If you invest in international listed securities a fee of 0.10% p.a. of the Australian dollar value of the international listed securities that you hold in your account will apply.

#### Cash management fee

The cash management fee is the amount the Administrator earns in relation to its cash management activities.

The cash management fee is up to 1.75% p.a.

#### Expense recovery

This amount is calculated at the time the expense is incurred.

If an expense recovery amount arises, this is deducted from your cash account at the time of the recovery.

1. If your account balance is less than $6,000 at the end of the financial year, the total combined amount of administration fees, investment fees and indirect costs charged to you is capped at 3% of the account balance. Any amount charged in excess of that cap must be refunded.

2. The actual amount may vary (i.e. be less) depending on the amount of interest earned on the omnibus accounts held with applicable Australian banks or other authorised deposit taking institutions (ADIs) and the amount of interest payable to you in respect of your cash account. Refer to ‘Cash management fee’ under the heading ‘Additional explanation of fees and costs’ below for more information.

3. This amount is a reasonable estimate based on the information available at the date of this Part II of the PDS. We estimate costs in future years to be within the range of 0.008% to 0.035% p.a. Actual expenses deducted from an account may be more or less and will be confirmed in your Annual Member Statement.

4. Other fees and costs may apply such as activity fees, advice fees for personal advice or insurance fees. Refer to the “Additional explanation of fees and costs” below for more information.
EXAMPLE 1 - MANAGED PORTFOLIO ON THE CHOICE MENU

This table gives an example of how the fees and costs for the iShares Enhanced Strategic Growth Portfolio on the Choice Menu for this superannuation product can affect your superannuation investment over a 1 year period. You should use this table to compare this superannuation product with other superannuation products.

<td>If your balance was over $50,000, then for that year you will be charged fees of: <strong>$618.44</strong> for the superannuation product.</td>
</tr>
</tbody>
</table>

¹ This example assumes $49,375 is invested in the iShares Enhanced Strategic Growth Portfolio on the Choice Menu and $625 is held in the cash account to maintain the minimum cash account balance of 1.25%. A cash management fee applies in relation to amounts held in the cash account. For more information refer to ‘Cash management fee’ under the heading Additional explanation of fees and costs.

**Note:** Additional fees may apply. And, if you leave the superannuation entity, you may be charged an **exit fee** of **$0** and a **buy/sell spread** which also applies whenever you make a contribution, exit, rollover or investment switch. The **buy/sell spread** for exiting is **0%** (this will equal to **$0** for every **$50,000** you withdraw). We are required by law to use this wording, but a buy/sell spread does not apply to the Fund.

**Important note:** The fees and costs information in the example of annual fees and costs above relate to the Fund. It therefore relates to access through the Fund, via the Choice Menu, to the iShares Enhanced Strategic Growth Portfolio and not the fees and costs of investing in that managed portfolio, for example, investment management fees and performance fees (if any). Additional fees and costs will be charged by the responsible entity of the iShares Enhanced Strategic Growth Portfolio and the issuers of other investments that you choose to invest in through the Fund. Refer to the “How do the fees for the product and the underlying investments work?” further in this document to see the cumulative effect of the fees and costs of your investments, taking into account the fees of the Fund and the fees and costs of the investments you select.

1. If a portfolio manager trades listed securities within a managed portfolio using a broker other than our default broker, additional brokerage and transaction fees may be incurred. For example, these trades may incur additional brokerage as agreed between the portfolio manager and the other broker or transaction fees as agreed between the portfolio manager and the Administrator.

2. A foreign currency conversion fee may apply to trades in international listed securities. Refer to ‘Foreign currency conversion fee’ below for more information.

3. Excludes those trades within a managed portfolio.

4. This fee shown is inclusive of GST only. It reflects the actual amount payable by you. If eligible, the Trustee will claim the benefit of Reduced Input Tax Credits (RITCs) on behalf of the Fund.

5. The fee for corporate actions will apply when you participate in corporate actions through the Fund that require settlement from your cash account. Corporate actions include, but are not limited to, initial public offerings, rights issues, share purchase plans, exercising of options, buy backs and takeovers.

The Administrator will collect all activity fees and pay service providers out of the fees that it collects. A proportion of the activity fees set out above will typically be retained by the Administrator. As a general rule, the amount retained by the Administrator is the difference between the amount charged by the relevant service provider and the amount of the applicable activity fee.

**Note:** any stamp duty or other government charge applicable to an investment transaction on your account, will be charged directly to your cash account.
TAX

Unless otherwise stated all the fees and costs shown in this Part II of the PDS are expressed as inclusive of the Goods and Services Tax (GST) and net of any RITCs.

In the event of any change in tax laws or their interpretation which affects the rate of GST payable or RITCs that the Fund may receive, the amounts deducted from your cash account in respect of the fees and other costs applied to your account may be varied or adjusted to reflect such changes without your consent or further notice to you.

To the extent that Fund expenses are tax deductible, the benefits of any tax deduction will generally be passed on to members’ personal super accounts (unless used for the benefit of the Fund) during the periodic calculation of member account taxation liabilities. Fund expenses that may be deductible to the Fund include administration, transaction and adviser fees as well as the insurance costs. The impact of tax deductions is not reflected in the fees and cost amounts shown in this section of the PDS. As investment earnings in account-based pension accounts are tax free, tax deductions in relation to these expenses generally do not apply to account-based pension accounts.

Refer to Section 6 ‘How super is taxed’ in Part I of the PDS.

ADMINISTRATION FEE

PERCENTAGE BASED ADMINISTRATION FEE

The percentage-based administration fee is an amount paid to the Administrator. The Administrator pays a portion of this fee to the Trustee as remuneration for its services.

Please note that the fees paid to the Trustee are included in the administration fee and are not additional fees to you.

Family group fee discount

Family Groups (you and relevant members of your family) may be eligible for a fee discount in respect of the tiered percentage fee component of the Administration fee for the Choice Menu (shown in the table on page 4 of the Part II of the PDS) where each member of the Family Group has the same adviser.

This discount is achieved by linking the accounts of the Family Group and then applying the relevant tiered percentage Administration fee to the combined value of those accounts in the Choice Menu. Combining the value of the Family Group accounts can (but won’t always) result in a lower overall Administration fee. Any lower Administration fee is applied proportionately to each Family Group account.

If there are a combination of ClearView WealthSolutions2 Investment Service and ClearView WealthSolutions2 Super and Retirement account(s) in the Choice Menu within the Family Group, then the relevant tiered percentage Administration fee is calculated as if all accounts were in ClearView WealthSolutions2 Investment Service and then a similar calculation is carried out as if all accounts were in ClearView WealthSolutions2 Super and Retirement.

The Administration fee is then applied proportionately based on the aggregate holdings in ClearView WealthSolutions2 Investment Service and ClearView WealthSolutions2 Super and Retirement, and then proportionately to each ClearView WealthSolutions2 Investment Service and ClearView WealthSolutions2 Super and Retirement Family Group account.

Each eligible Family Group account will still be subject to the account keeping fee (if applicable) and to any minimum and maximum Administration fee shown in the table on page 4 of the Part II of the PDS.

A Family Group can be set up through your adviser by completing a ‘Group Fee Discounting’ form and nominating the accounts to be combined into a Family Group for the purpose of calculating the Administration fees. Please speak to your adviser about setting up a Family Group.

In order to be eligible for a Family Group fee discount, there must be a minimum of two linked accounts and all accounts within the Family Group must have the same adviser and one of the following relationships to the primary account holder:

- immediate family members, such as spouse, defacto/domestic partner, child (including an adopted child, a stepchild or ex-nuptial child), parent, sibling and grandchild;
- for companies, family trusts, and self-managed superannuation funds – the directors and beneficiaries must be members of the same immediate family as described in the dot point above.

All accounts held in the name of the primary account holder may also be included in the Family Group.

A Family Group includes those accounts invested in the Choice Menu and can comprise a maximum number of six (6) accounts, unless otherwise approved by us.

The Administrator may, at its discretion, reject a request to establish a Family Group or cancel the linking of Family Group accounts. For example, because you are no longer part of the relevant Family Group. Also, where you or any other member of a Family Group changes adviser, you or they will cease to be eligible for the Family Group discount that applies to that Family Group. In this case, the Administration fees will immediately revert to the standard fees shown in the table on page 4 of this Part II of the PDS. You may wish to speak with your new adviser about whether a new Family Group can be established.

The Family Group fee discount may not apply for Family Group accounts with a combined account balance of more than $5m, but may be individually negotiated based on the nature of your investments. In this case, please speak with your adviser.
CASH MANAGEMENT FEE

We invest money credited to the cash account of all investors in omnibus cash accounts held with Australian banks or other authorised deposit-taking institutions (ADIs) we select from time to time.

The cash management fee is the amount that the Administrator earns from its cash management activities related to these holdings. The declared rate of interest payable in respect of your cash account may change from time to time and can be found on InvestorHUB (for cash in Australian dollars), by contacting us on 1300 854 994 or by contacting your financial adviser. The cash management fee the Administrator earns is the amount (if any) above the applicable declared interest rates.

EXPENSE RECOVERY

An additional amount may be deducted from your account to cover Fund expenses. The Trustee is entitled to reimbursement for certain out-of-pocket expenses from the assets of the Fund. If incurred, these expenses may be deducted from time to time from your cash account. The Trustee is entitled to recover previously unrecovered expenses, as well as ongoing expenses, as they are incurred.

The expenses that can be recovered include audit charges, bank charges, compliance costs, taxation advice costs, government taxes, duties and levies, and legal, postage, printing and stationery and other fees and costs incurred by or on behalf of the Trustee (including by service providers), in accordance with the Trust Deed and relevant law.

3% CAP ON CERTAIN FEES AND COSTS CHARGED ON LOW BALANCE ACCOUNTS

From 1 July 2019, we will be required to place an annual cap of 3% of your account balance on certain fees and costs charged to your account, if your account balance is less than $6,000 at the end of the financial year or at the time you exit the Fund. The fees and costs that this cap applies to include:

- Administration fees, and
- Indirect costs
- Investment fees

If you have incurred fees in excess of the 3% cap and your account balance is less than $6,000, we will refund the fees charged in excess of the 3% cap into your cash account generally within 3 months after the end of the financial year.

If you decide to exit the Fund part way through a financial year, your withdrawal amount is less than $6,000 and you have incurred fees in excess of the 3% cap (on a prorated basis), we will refund the fees charged in excess of the 3% cap into your cash account prior to you exiting the Fund.

FEES WHEN YOU INVEST IN A MANAGED PORTFOLIO

The type of fees you pay for investing in managed portfolios will be set out in the relevant product disclosure statement for each managed portfolio. Managed portfolios may charge either an investment management fee (including, if applicable, an investment performance fee) and/or a managed portfolio advice fee.

Typically, fees when you invest in a managed portfolio are in addition to any costs of managed funds, ETFs, ETPs or LICs held within a managed portfolio. Refer to the disclosure document for the relevant investment for a description of the costs applicable to that investment.

Given the number of managed portfolios available, and the fact that they change from time to time, the specific fees (including who it is payable to) for each managed portfolio are not included in this document. These details are available in the relevant product disclosure statement for each managed portfolio.

MANAGED PORTFOLIO ADVICE FEE

Where you have provided consent to the payment of a managed portfolio advice fee, this fee is paid to your adviser, their licensee or one of its related parties for ongoing advice or related services in relation to a managed portfolio. The managed portfolio advice fee is calculated daily as a percentage of the value you have invested in a managed portfolio and is deducted from your cash account monthly in arrears.

MANAGED PORTFOLIO RELATED FEES AND COSTS

Investment management and performance-related fees may be charged in relation to the managed portfolios forming part of your investment strategy. These fees are deducted from your cash account monthly in arrears rather than from the relevant non-united and registered managed investment scheme where such managed portfolios are available (Scheme).

Where amounts are owed to the RE or a Scheme (for example because your investment in a managed portfolio has gone into negative balance) you are also taken to have authorised the RE, the Administrator and the Trustee to obtain payment of that amount from your cash account as an alternative to obtaining payment from the applicable Scheme. If payment from your cash account is not possible, these amounts may be paid from the relevant Scheme.

Please refer to the relevant managed portfolio product disclosure statement provided by your adviser.

YOUR CONSENT AND AUTHORISATION OF FEES WHEN YOU INVEST IN A MANAGED PORTFOLIO

Where your adviser, their licensee or one of its related parties (referred to as ‘related party’) provides you with ongoing advice (or related services) in relation to a managed portfolio, you may be requested to provide your consent to the deduction and payment of fees from your cash account when you invest...
in a managed portfolio. If your consent to these fees is required and you don’t provide it (or you revoke it) then you may not be allowed to invest into that managed portfolio or may be required to withdraw from that managed portfolio.

You can provide your consent as part of your application into the Fund, via written instructions or online. Where you have provided your consent, the payment of remuneration by you to your adviser or a related party will continue until you direct us to cease paying it.

The applicable fees are disclosed in the product disclosure statement for the relevant managed portfolio.

**FEES AND COSTS RELATING TO UNDERLYING INVESTMENTS**

Fees and costs may apply for underlying investments that you access through the Fund (including investments held as part of a managed portfolio), for example, managed funds, Exchange Traded Funds (ETFs), Exchange Traded Products (ETPs), Listed Investment Companies (LICs).

These fees and costs are in addition to those shown in the table above. Refer to the disclosure document for the relevant investments (where applicable) for more information.

The fees and costs when you choose to invest in a managed fund, ETF, ETP, LIC (including when these investments are held as part of a managed portfolio) are typically deducted from the value of the investment before the unit price is calculated.

The Trustee or the Administrator is often able to obtain wholesale fund fee rates, which are generally lower than the fee rates applicable for direct investment into retail managed funds. A fund manager may provide a rebate of the fees and costs associated with your investment in a managed fund. Generally, these rebates are returned to you in full and will typically be paid into your cash account. Your entitlement to any rebate is determined by the fund manager, however, where you have closed your account prior to the processing of a rebate, you will not be entitled to that rebate.

Given the number of investment options available, and the fact that they change from time to time, the investment costs for each underlying investment including investments within managed portfolios are not included in this document. More details are available in the relevant disclosure document for each underlying investment option and can be obtained from your adviser. These fees and costs may be subject to change as determined by the relevant fund manager.

Performance related costs may also be incurred in relation to the selected managed funds and other investments that can be accessed through the Fund and that form part of your investment strategy. These costs represent fees charged by the relevant fund manager where certain performance targets are met. Performance related costs are usually calculated as a percentage of any ‘out-performance’ above the relevant target. Performance related costs in respect of underlying investments may increase the management costs applicable to managed funds, that may be accessed through the Fund but do not affect investment management fees, administration fees or other fees charged to members by the Trustee.

Fees and costs in relation to underlying investments accessible through the Fund are in addition to the fees and costs described in this Part II of the PDS and are set out in the relevant product disclosure statement or disclosure documents (where relevant) for those investments. It is important that you consider these fees and discuss them with your adviser before making any investment decisions.

You do not have a statutory right to receive a periodic statement setting out indirect costs attributable to the underlying investment.

**BUY/SELL SPREADS (MANAGED FUNDS ACCESSIBLE THROUGH THE FUND ONLY)**

The Trustee does not charge a fee in the form of buy/sell spreads to recover transaction costs incurred by the Trustee in relation to the sale and purchase of assets of the Fund. However, buy/sell spreads may apply to investments in managed funds that are accessible through the Fund, which reflect the different price between buying and selling units disclosed by some investment managers. The buy/sell spreads for managed funds vary. This difference is a charge by the investment manager generally to cover transaction costs incurred by the managed fund in buying and selling units in the investment product, and is taken into account in the calculation of unit prices by the managed fund. Buy/sell spreads are an additional cost to the investor. You should refer to the relevant managed fund product disclosure statement available from InvestorHUB or your adviser for more information.

**NETTING IN RELATION TO MANAGED FUND INVESTMENTS ACCESSIBLE THROUGH THE FUND**

When carrying out a managed fund transaction, the Administrator may offset your instructions to buy or sell assets against both your and other members’ instructions to buy or sell those assets, so that only net transactions are acted on. This process is known as ‘netting’.

The Administrator may retain any benefit that may be secured from the netting of managed fund transactions. These may include the fees and costs that would have applied had the transaction been processed without netting.

**AUSTRALIAN LISTED SECURITIES TRANSACTION COSTS**

Brokerage costs are associated with buying and selling Australian listed securities in your account. In addition, trading certain Australian listed securities may incur additional costs (for example stamp duties, taxes, fees or commission) which are generally deducted from your account at the time they are incurred.
INTERNATIONAL LISTED SECURITIES TRANSACTION COSTS

Brokerage will be incurred on buying and selling international listed securities that are accessible through the Fund. In addition, trading on certain international exchanges may incur additional costs (for example local stamp duties, taxes, fees or commission) which are generally deducted from your account at the time they are incurred.

International listed securities transaction costs are included in the relevant Investment Booklet available on InvestorHUB and updated from time to time.

INSURANCE COSTS

If you take out insurance through the Fund, the costs associated with the insurance policy will be deducted directly from your cash account on a monthly basis (or other agreed basis in the case of individual policies). The cost of your insurance cover may depend on:

- your age, gender, smoking status and occupational classification;
- the type of cover and benefits you have chosen; and
- the Benefit Period and Waiting Period selected, if you have income protection.

Loadings (additional costs) may apply to you depending on your personal circumstances. You will be advised of any loadings by the Insurer at the time of application. Costs may be adjusted for any changes to your cover during a financial year.

Where other government charges such as stamp duty apply, we will charge your account directly. For example, stamp duty may apply to insurance premiums for income protection cover.

For more information on the cost of insurance cover, refer to Section 6 ‘Insurance in your super’ of the Additional Information Booklet. In addition to insurance costs payable under an insurance policy, insurance related activity fees may apply as outlined in the ‘Activity fees’ table in this section.
ADVISER FEES RELATING TO YOU

You may negotiate with your adviser to pay the following fees to your adviser or to the holder of the AFSL your adviser operates under. The fee amounts you specify for the following fees in the table below will be GST inclusive, but will not take into account any RITCs that may be claimed.

Where applicable, the actual amounts that will be deducted from your cash account may be adjusted for RITCs that may be claimed in respect of these fees, and may therefore be less than the amounts you specify on the relevant form.

**Note:** Adviser remuneration may also occur via the payment of investment management fees within a managed portfolio. Refer to the relevant managed portfolio product disclosure statement available from the product website for details (if applicable).

The SOA from your adviser should provide details of any fees for their advisory services.
Exchange rates used for the purpose of converting trades, income receipts and other transactions will be advised to us by our sub-custodians and/or brokers (as applicable) and transactions will be reported in the equivalent Australian dollar amounts using these rates. The taxation treatment of any foreign exchange gains or losses that may arise as a result of this conversion will generally be folded into the taxation treatment of the transactions themselves. That is, for example, if a transaction gives rise to a capital gain assessable under the capital gains tax rules, any part of the gain that may be attributable to foreign exchange movements will be assessed as a capital gain and will not need to be reported separately. Similarly, foreign exchange gains or losses which result from conversion of ordinary income will be part of the ordinary income (if gains) or offset against it (if losses). When there are exceptions to these rules that may apply due to particular circumstances, we will inform your adviser.

Outsourced service payments

HUB24 has agreements with ClearView Financial Management Limited ABN 99 067 544 549 (CFML) for the provision of services in respect of the product, including product promotion services, product design, market research and training services.

Where permitted by law, HUB24 (in its capacity as the Administrator of the product) may enter into agreements with CFML to remunerate them for their costs and reimburse their related costs.

Please note that the fees paid to CFML are paid from HUB24’s own resources and are not additional fees to you.

ALTERNATIVE FORMS OF REMUNERATION

From time to time, the Administrator may receive direct or indirect benefits from providers of some of the financial products or other services that are available through the Fund. The Administrator may also be entitled to remuneration from financial institutions (including banks, fund managers, investment managers and insurers) that provide certain services to members in the Fund. You can ask for details of any alternative forms of remuneration that may be received by contacting the Administrator. Any alternative forms of remuneration are recorded in a register. The register outlines all alternative forms of remuneration received and is available on request.

FUND MANAGER SERVICE FEES

Where permitted by law, the Administrator may receive the following payments from responsible entities whose managed funds are available through the Fund:

- Service fees of up to $30,000 p.a. per responsible entity, plus
- Up to $10,000 p.a. per managed fund available through the Fund.

The amount of these payments may increase from time to time and may be subject to indexation.

These service fees relate to the services that the Administrator provides to fund managers for the review, maintenance and administration of the managed fund investment options available through the Fund.

Fund manager service fees are paid to us from the fund managers’ own resources and are not an additional cost to you.

MANAGED PORTFOLIO SERVICE FEES

Where permitted by law, the Administrator may receive the following payments from the manager whose managed portfolios are available through the Fund:

- Service fees of up to $10,000 p.a. per managed portfolio, plus
- up to 0.15% p.a. on the total amount of funds we have invested with each portfolio manager.

The amount of these payments may increase from time to time and may be subject to indexation.

These service fees relate to the services that the Administrator provides to portfolio managers for the establishment, ongoing monitoring, management and compliance of the managed portfolio investment options available through the Fund.

Portfolio manager service fees are paid to the Administrator from the portfolio managers’ own resources and are not an additional cost to you.

MDA SERVICE PROVIDER FEES

Where permitted by law, the Administrator may receive the following payments from the MDA service provider for access to the MDA Facility available through the Fund:

- Service fees of up to $10,000 p.a. per MDA investment, plus
- up to 0.15% p.a. on the total amount of funds we have invested under each MDA investment.

The amount of these payments may increase from time to time and may be subject to indexation.

These service fees relate to the services that the Administrator provides to the MDA service provider when using the MDA Facility. Please refer to Part I of the Super PDS – Managed Discretionary Accounts (MDAs) for more information.

These MDA service provider fees are paid to us from the MDA service provider’s own resources and are not an additional cost to you.
INSURANCE REMUNERATION (INDIVIDUAL INSURANCE)

Where permitted by law, the Administrator may receive remuneration from each premium payment made under your individual insurance policy for the provision of insurance administration services. This is not an additional cost to you.

INCREASES OR ALTERATIONS TO FEES AND OTHER COSTS

Under the Trust Deed, the Trustee has broad power to increase the rate or amount of existing fees and charges or impose additional fees. This can occur without your consent. No maximum limits on fees are specified in the Trust Deed.

If we decide to introduce any additional fees or increase existing fees and charges, we will give you no less than 30 days' advance written notice. Underlying investment fees or costs (including performance related costs that may be payable in respect of an underlying investment and investments within managed portfolios) and buy/sell spreads may also change. Information about any changes may be contained in the product disclosure statement or other disclosure document for an underlying or relevant investment available from time to time, and to the extent practicable, will also be notified by the Trustee where required by law.

The Trustee reserves the right to recover any expenses incurred by it or the Fund from Fund assets (including any reserves) as permitted under the Trust Deed. The Trustee may be indemnified from Fund assets in respect of any liabilities that may be met from Fund assets.

ADVISER AND LICENSEE CHANGES

Fees and costs set out in the ‘Fees and other costs’ table are generally not negotiable by you. However, your adviser or the holder of the AFSL (Licensee) that your adviser operates under may, from time to time, negotiate the fees and other costs that apply to your account. The nature and amount of any variation depends on the arrangement between us, your adviser and your adviser’s Licensee. Your adviser can provide you with further information about any such arrangement. Where you leave your adviser or your adviser leaves their Licensee, the fees and other costs that apply may change and you may revert to the fees and other costs described in this PDS. Notice of any such change will be given to you as required by law.
HOW DO THE FEES FOR THE PRODUCT AND THE UNDERLYING INVESTMENTS WORK?

The following examples illustrate how the total fees and costs incurred in the first year of investment vary depending on the investments you choose when investing through the Fund.

These examples are illustrative only. The actual fees and costs you pay will vary depending on factors such as the investments chosen, the nature and number of transactions on your account and the adviser fees you negotiate and agree with your adviser.

Unless otherwise stated all amounts shown are in Australian dollars and are inclusive of GST and net of RITC.

You may negotiate and agree to pay fees to your adviser or your adviser’s licensee, which will be deducted from your cash account. Fees payable to your adviser will be disclosed to you in a Statement of Advice (SOA).

¹ Assumes the managed portfolio is invested in Australian listed securities using our default broker, and is managed by a portfolio manager that is not your adviser, their licensee or a related party to the licensee.

² Assumed investment performance fee is 15% and that the managed portfolio earns 1% over the benchmark.

³ This example does not represent the actual fees that you will pay. Other fees and costs may be payable on your account, and will vary depending on your total account balance, the investments you hold and balance of the investment options you select, fees for underlying investments that you access (including investments held as part of managed portfolios), and the number of times you transact. Fees will also apply where you access insurance options.
DEFINED FEES

Activity Fees
A fee is an activity fee if:

a. the fee relates to costs incurred by the trustee of the superannuation entity that are directly related to an activity of the trustee:
   i. that is engaged in at the request, or with the consent, of a member; or
   ii. that relates to a member and is required by law; and

b. those costs are not otherwise charged as an administration fee, an investment fee, a buy-sell spread, a switching fee, an advice fee or an insurance fee.

Administration fees
An administration fee is a fee that relates to the administration or operation of the superannuation entity and includes costs that relate to that administration or operation, other than:

a. borrowing costs; and

b. indirect costs that are not paid out of the superannuation entity that the trustee has elected in writing will be treated as indirect costs and not fees, incurred by the trustee of the entity or in an interposed vehicle or derivative financial product; and

c. costs that are otherwise charged as an investment fee, a buy-sell spread, a switching fee, an activity fee, an advice fee or an insurance fee.

Advice fees
A fee is an advice fee if:

a. the fee relates directly to costs incurred by the trustee of the superannuation entity because of the provision of financial product advice to a member by:
   i. a trustee of the entity; or
   ii. another person acting as an employee of, or under an arrangement with, the trustee of the entity; and

b. those costs are not otherwise charged as an administration fee, an investment fee, a buy-sell spread, a switching fee, an activity fee or an insurance fee.

Buy-sell spreads
A buy-sell spread is a fee to recover transaction costs incurred by the trustee of the superannuation entity in relation to the sale and purchase of assets of the entity.

Exit fees
An exit fee is a fee, other than a buy-sell spread, that relates to the disposal of all or part of a member’s interests in a superannuation entity.

Indirect cost ratio
The indirect cost ratio (ICR), for a MySuper product or an investment option offered by a superannuation entity, is the ratio of the total of the indirect costs for the MySuper product or investment option, to the total average net assets of the superannuation entity attributed to the MySuper product or investment option.

Note: A fee deducted from a member’s account or paid out of the superannuation entity is not an indirect cost.

Investment fees
An investment fee is a fee that relates to the investment of the assets of a superannuation entity and includes:

a. fees in payment for the exercise of care and expertise in the investment of those assets (including performance fees); and

b. costs that relate to the investment of assets of the entity, other than:
   i. borrowing costs; and
   ii. indirect costs that are not paid out of the superannuation entity that the trustee has elected in writing will be treated as indirect costs and not fees, incurred by the trustee of the entity or in an interposed vehicle or derivative financial product; and
   iii. costs that are not otherwise charged as an administration fee, a buy-sell spread, a switching fee, an activity fee, an advice fee or an insurance fee.

Switching fee
A switching fee for a superannuation product other than a MySuper product, is a fee to recover the costs of switching all or part of a member’s interest in the superannuation entity from one investment option or product in the entity to another.
